Field Service Technician – USA – Midwest Region

We are currently recruiting a Field Service Technician to strengthen our exceptional North American service team.

Responsibilities

- You will deliver outstanding technical field service to our customers.
- You will be responsible for the installation, commissioning, remote and site support on highly advanced electrical/PLC/Pneumatic and Servo controlled systems.
- You will travel extensively to customer sites within North America and Canada up to 75% of the time.
- When not traveling to customer site, you will be “home” office based, calling on customers and supporting a 24/7 technical support operation.
  You will travel from time to time to the United Kingdom for training and other functions that are assigned to your role.
- You will perform on-site equipment demonstrations in a professional manner.
- For your initial introduction and training you will travel with our experienced field service technicians to customer sites.

Qualifications

- At least a two-year technical trade degree or equivalent hands-on experience.
- We are a 100% Allen Bradley systems integrator, so experience on PLC, Servo and Powerflex VFD drives is preferred but not essential, as training will be provided.
- Good working knowledge of Windows Operating system and Embedded software systems.
- Minimum of two years electrical, mechanical and pneumatic diagnostic experience.
- Field Service experience is preferred but not essential, as training will be given.
- Excellent written and verbal communications in English. A knowledge of Spanish, or willingness to learn Spanish, would be advantageous.
- Self-motivated and assertive individual who has the ability of working on their own or as part of a small technical team.

Job Benefits

Thurne offers a comprehensive compensation package with excellent benefits including 401K, vacation pay, sick pay, medical, dental and life insurance.
